

Grapes

60% Syrah
40% Merlot

Appellation

Vin de France

Terroirs

Clay

Production

10 000 caisses

Alcohol

13%°C

Potential

2-3 ans

Release date

January 2020

ABOUT

Convinced that a healthy and qualitative viticulture gives better quality grapes, reflecting the terroir from which they come. And, as an actor in this sector, and father of a family, it seems natural to me to participate in the preservation of our environment and to offer suitable products.

TASTING NOTES

Colorful dress. On the nose: coulis of red and black fruits. This wine opens on the balsamic and spicy side. It is delicious, structured and of great aromatic complexity.

HISTORY

Organic farming promotes biodiversity, soil life. It favors more expressive and naturally less alcoholic wines. These wines with immediate pleasures, respond with modernity and simplicity to the aspirations of "consuming better".

SERVICE

Service temperature: 15-16°C
